PROJECTS

➤ DEVELOPED A WEBSITE

Created an integrated biotechnology website aggregating comprehensive databases, fostering centralized access to cutting-edge research and innovation.

➤ LIBRARY DATABASE MANAGEMENT SYSTEM

Through this Database, it will be easy to manage accounts and various details of particular student and employees working under library along with the records of book. This database can: Search books, Charge fines, Seek members and faculty assigned to student

EXPERIENCE

I am currently interning under a distinguished professor, collaborating on an ambitious project to develop a comprehensive biotechnology website, integrating diverse databases for seamless access to cutting-edge research and information in the field.

POSITIONS OF RESPONSIBILITY

➤ 2021–2022 NSS Executive Member

I am an executive member of NSS, actively participated in various events such as blood donation drives and cycle rallies to promote drug awareness, fostering a positive impact on society

➤ 2021–2023 NATURE CLUB: Executive Member

➤ 2023–2023 NATURE CLUB: ADD SECRETARY

Aim to spread awareness and celebrate the fusion of nature with sustainable and eco-friendly technologies. For Nature lovers, it's a great opportunity to serve back something.

➤ WORK FORCE :Technozian and Spring spree
